

# SRIDHAR ELUMALAI

## SOFTWARE DEVELOPER

### CONTACT

7871639757

sridhare296@gmail.com

<https://sridhare29.github.io/sridhar-portfolio/>

Chennai, TN

### SKILLS

- **Languages:** JavaScript, TypeScript, C#
- **Frontend:** React.js, Redux, Next.js, React Native, HTML, CSS, Tailwind CSS, Vite, Webpack
- **Backend:** .NET Core, Node.js
- **Databases:** SQL Server
- **Cloud:** Azure Devops, Azure Function
- **Tools & Practices:** Git, CI/CD, Agile/Scrum, Unit Testing

### EDUCATION

#### Vel Tech High Tech Dr RR Dr SR Engineering College

Bachelor of Engineering

2018 - 2022

### CERTIFICATION

ASP.NET Core - SOLID and Clean Architecture

Build ASP.NET Core Web API - Scratch To Finish (.NET8 API)

NET MAUI Mobile App Development

### SUMMARY

Passionate Software Developer crafting high-performance applications with seamless user experiences. Adept at modern technologies, Agile workflows, and scalable architectures. Thrives in dynamic environments, driving innovation through collaboration and continuous learning. Always pushing boundaries to build next-gen solutions.

### WORK EXPERIENCE

#### Associate

Kanini Software Solution

Apr 2022 - Present

- Delivered cutting-edge solutions for Omnia suite, working on front-end (**React.js, hooks, Redux**)
- Built dynamic web components using React.js, focusing on modern hooks and functional approaches
- Designed component-based architecture to enhance reusability and scalability across the application.
- Implemented performance optimization techniques resulting in improvement in application load times and smoother user interactions
- Connected front-end interfaces with backend APIs to create seamless data flow
- Participated in code reviews and testing processes to maintain high-quality standards
- Collaborated with UX/UI designers to transform wireframes into pixel-perfect interfaces, maintaining design fidelity while ensuring technical feasibility.
- Played an essential role in running CI/CD pipelines to ensure continuous integration and delivery of app updates.
- Actively communicated with team members and stakeholders, participating in Agile ceremonies and project discussions.
- Showcased adaptability and a strong willingness to learn by quickly acquiring new technical skills and tools.

### PROJECTS

#### Mini-Scrap

- An eco-friendly platform that lets you recycle waste, earn rewards, and contribute to a greener planet.
- Built with a scalable and reusable architecture using .NET Core Web API and React.js, with state management handled by Redux.

**Tech Stack:** React.js, Redux, .NET Core, Dapper, API, Tailwind CSS.
